

Tutorial Time

Year 12 and Year 13 students have one period a fortnight where they follow a modular programme that supports their learning, develops them emotionally and socially, and prepares them for their post 18 pathways and living independently.

During this time students will have presentations from a variety of guest speakers from universities, businesses, charities and health organisations, and will attend organised trips.

In addition to this, Year 12 students also have one Speaker Period a week when external guest speakers are invited in to enrich the students' curriculum opportunities and inspire them.

Term	Year 12	Year 13
