

CHIPPING NORTON
SCHOOL

Welcomewe are Caterlink , your new Food
Service provider in the school.

Who are we ?

Currently running over 1,500 individual locations across the
UK, Caterlink focuses solely on the state education sector in
Secondary, Primary, College and 6th Forms . We are the
largest Independent caterer in the UK.

It's been a busy term at Chipping Norton, with lots of hard
work and changes to provide you an exciting offer at a
reasonable value/price.

Our menus are well balanced, exciting and focus on value
and health while ensuring that we offer food that reflects
current trends on the High street .

We have already introduced a number of concepts such as
Quirky Bird, which is our version of Nandos as well as
others such as Mexican Kitchen , Pizza Market , Lebanese
Kitchen , and of course your favourites are still there –
Roast Day and Fish And Chips !

We have also reduced the price of the meal deals
from £2.95 to £2.50 in line with the free school
meal price but providing a higher quality product,
introduced various new products as well as our Mix
and Match items.

We ensure we provide a healthy and balanced diet and I
hope the pictures do the new offer justice.

Bret and the team look forward to many years of great
service and work in partnership with Chipping Norton
School
