

RECORDS MANAGEMENT POLICY STATUTORY

Date reviewed:	June 2019
Next review:	June 2020
Member of staff responsible:	Headteacher
Committee:	Resources Committee

The School recognises that by efficiently managing its records, it will be able to comply with its legal and regulatory obligations and to contribute to the effective overall management of the institution. Records provide evidence for protecting the legal rights and interests of the school, and provide evidence for demonstrating performance and accountability. This document provides the policy framework through which this effective management can be achieved and audited. It covers:

- 1. Scope
- 2. Responsibilities
- 3. Relationships with other policies
- 4. Appendix Retention Schedule

1 Scope of the policy

- 1.1 This policy applies to all records created, received or maintained by staff of the school in the course of carrying out its functions.
- 1.2 Records are defined as all those documents which facilitate the business carried out by the school and which are thereafter retained (for a set period) to provide evidence of its transactions or activities. These records may be created or received, and then stored, in hard copy or electronically.
- 1.3 A small percentage of the school's records may be selected for permanent preservation as part of the institution's archives and for historical research.

2 Responsibilities

- 2.1 The school has a corporate responsibility to maintain its records and record keeping systems in accordance with the regulatory environment. The person with overall responsibility for this policy is the Headteacher.
- 2.2 The Data Protection Lead, who has day to day responsibility for records management in the school, will give guidance about good records management practice and will promote compliance with this policy so that information will be retrieved easily, appropriately and in a timely way. S/he will

also monitor compliance with this policy by surveying at least annually to check if records are stored securely and can be accessed appropriately.

2.3 Individual staff and employees must ensure that records for which they are responsible are accurate, and are maintained and disposed of in accordance with the school's records management guidelines.

3 Relationship with existing policies

This policy should be read in association with the following policies:

- Freedom of Information
- Data Protection

and with other legislation or regulations (including audit and equal opportunities and ethics) affecting the school.

Appendix: Retention Schedule

This schedule contains retention periods for the different record series created and maintained by the School in the course of its business. The schedule refers to all information regardless of the medium in which it is stored. Some retention periods are governed by statute. Others follow best practice guidance. Every effort has been made to ensure that these retention periods are compliant with the requirements of the General Data Protection Regulation (GDPR) and the expected provisions of the Data Protection Act 2018 (DPA 2018) as set out in the Data Protection Bill and the Freedom of Information Act 2000.

Retention periods for documents with data protection issues and/or with statutory provisions Management of the school

Governing Body				
Description	Retention period	Action at end	Role responsible	Record location
Records relating	Date of the	Secure disposal	Clerk to	Headteacher's
