Our Values and Beliefs

Our school uniform celebrates our belonging to a like-minded community that is bonded by common values, aspirations and goals – to be the best we can be. We seek the highest possible standards in all aspects of our life at this school and seek to work closely with parents, carers and students to make this a reality.

Why do schools have uniforms?

- School uniforms are a traditional feature in nine out of ten UK schools.
- School uniform can foster a sense of belonging and community, whilst removing any visual indicators of a child's personal circumstances. We regard uniform as an expression that 'everyone belongs'.
- Whilst there is little evidence to suggest that uniform will help achieve higher grades, its widespread use and endorsement is certainly evidence of its positive impact.

Why is school uniform important to us at CNS?

- Our purpose as a school is two-fold: to enable every child to meet their academic potential AND to develop young people who are happy, confident and hopeful about their future, whatever their personal circumstances.
- We strongly believe that wearing a smart school uniform, which fosters a sense of pride and belonging, is essential to fulfilling both of these purposes for our students.
- As with all school rules, which are designed to promote the success and well-being of our students, school uniform can only be a positive feature if it is worn consistently and correctly by all students.

How is uniform monitored?

- Every morning, senior and pastoral leaders check uniform as the students arrive. Students are also monitored by their tutors.
- In all subsequent lessons, teachers will be monitoring uniform as students arrive and leave.
- In very occasional circumstances, if a student has brought a valid problem with uniform to the tutor's attention, they will be issued with an 'Orange Slip' to avoid being unnecessarily sanctioned throughout the day by other teachers.

What if families have problems providing uniforms?

- All problems can be solved by communication – please contact the school with any concerns you have. In the first instance please speak to your son or daughter's tutor.
- The school deals sensitively with uniform issues that arise out of financial pressures – families should contact our family support worker, Claire Budd (cbudd@chippingnortonschool.org), to find out ways that we can help.
- If in doubt about an item of clothing or pair of shoes, please ask us before you buy them or open and wear them. Either visit or call the school or simply email us to help you. It is always best to check a store's refund and exchange policy before purchasing any item that may turn out to be unacceptable.
- Since 2022 the school has also introduced a preloved collection and resale service which is proving to be more and more popular. [Claire Budd](#) may also be contacted about this service for more information.

What if students do not follow the expectations?

- We issue reasonable and proportionate sanctions at Chipping Norton School. This includes detentions for occasional breaches or more serious sanctions where a refusal represents a broader act of defiance.

What is the role of parents and carers?

- In choosing to send a child to Chipping Norton School, parents and carers are embracing and supporting our values, ethos and expectations.
- We look to parents and carers to help us enforce consistent application of these expectations and not seek exemptions or lower expectations for their child - unless there are very strong and mutually agreed medical or other reasons.

Where can families purchase uniform items?

- Branded items (blazer, tie, jumper, skirts and blouses (both optional), PE jerseys and shorts / skorts) are all available through Price & Buckland. We annually monitor and review quality and prices to ensure value for money.
- The following items are not branded and may be purchased through any outlet: shirts, PE socks, trousers, shoes, coats and school bags.
