

PRESS RELEASE: Summer 2025 A level Results

Headteacher, Barry Doherty, writes...

"We are again so pleased for our wonderful students whose effort and commitment has been so richly rewarded with another year of great examination results. It was so great to see almost all of our Year 13s choosing to visit the school to collect their results so that they could share their joy and excitement with one another, colleagues and families. It was a tremendous scene."

"We are delighted that our students' and families' drive and determination has combined so successfully with my colleagues' commitment and expertise."

"Our headline figures are broadly similar to last summer and once more reflect the strength and momentum of our Outstanding Sixth Form."

- 27% of all grades were A* or A
- 56% of all grades were A* to B
- 80% of all grades were A* to C

"The destinations of our students are also terrific and we might all be forgiven for feeling slightly envious of the journeys and adventures that they have all got to look forward to in the weeks, months and years ahead."

Head of Sixth Form, Mr Peter Ward, writes...

"We are incredibly proud of the achievements of all of our Year 13 students this summer. They committed to their studies, looked out for each other and set their sights high."

"A quarter of all of our students achieved two or more A* and A grades, a brilliant achievement. Among them were Toby Ball, Lee Carroll-Mayes, Tahlia Davidson-Wright, Jonty Duffy, Maddi Hall, Ellie Knobel, Orla McArdle, Florence Pearce and Lara Woodward - who, between them, earned a staggering 31 A* and A grades. Florence, with 5 A*s, will be heading to Cambridge to study medicine. But the big story here is one of teamwork. This year group shared ideas, swapped notes, boosted confidence when it wobbled and celebrated every success together. What they achieved was individual but the journey was very much shared."

"Our students now move onto exciting next steps. These include Will Gray, who will be studying Philosophy at Sussex. Della Brooke is heading to Oxford Brookes to study Primary Education. Nia Montrose begins a Criminology and Sociology degree at Cardiff. Jamie Stonehouse will study Sports Journalism at Birmingham City. Isaac Fisher starts Psychology at Liverpool. And Jess Rogers begins a Police Apprenticeship. The impressive destinations of our students reflect not only academic success but also the support, guidance and ambition of our outstanding Sixth Form."
